Selectmen's Meeting

SEWER CONFERENCE

Ron Michalski, Tighe & Bond engineer, and Art Usher, field engineer of that firm, and Stanley Gorczyca, general foreman of the New Bedford Gas & Edison Light Company, conferred on the sewer project at last Tuesday night's Selectmen's meeting. Selectman R. William Blasdale explained to Mr. Gorczyca that after the sewer work is completed the road will be resurfaced as part of the contract. The Selectmen said that if the gas company finds work to be done on pipe uncovered during the sewer construction, this would be the proper time to do replacement before the road is surfaced. Mr. Gorczyca said that the Gas Company plans no major repairs. He said that leaks will be repaired as they show up and that some porous pipe discovered will be replaced with plastic pipe which the gas company is presently using because it does not corrode. Mr. Blasdale said that the Board of Selectmen is interested in having all the work completed before the resurfacing so that the streets will be intact after the resurfacing.

Ron Michalski reported to the Selectmen that in his judgement, Bay Corporation is "doing an adequate if not excellent job in Mattapoisett". He said that the tree damage has been unfortunate and was unnecessary but that efforts have been made to correct the problem and to repair the damage. He said that the work has been progressing well and is now 25% complete in the village. According to Mr. Michalski, the

disturbance of this size is bound to cause annoyance in the town from dust and noise but that overall the Bay Corporation has performed well and that the work is proceeding with enough speed so that major disturbance to the village will be over in a minimum of time. He said that problems of marking the excavations are still to be corrected but that the Bay Corporation has been most cooperative in correcting problems brought to their attention. Some problems have been caused by vandalism he explained. Vandals have uncovered some excavations, have turned off pumps, thrown debris into excavations and have poured sand into gas tanks. Mr. Michalski urged residents to be patient and said that if progress goes as planned major work in the village will be completed in July. Work on Water Street is postponed until September.

Selectman Blasdale asked that the engineers ask Bay Corporation to use care in the protection of Cannon Street as a historic street. The engineers said that small equipment only will be used on this narrow street. He said that a percentage of the payment to Bay Corporation will be withheld until markers and safety lights are properly in-

ACCEPT LAYOUT OF STREET

Thirty abutters of Pinehurst Avenue urged acceptance of that street in a public hearing and Selectmen voted to accept the layout. The matter will be placed before Special Town Meeting members on June 19. Harvey Blanchette was spokesman for the abutters. He said that in the event of an emergency the street would be cut off because Brandt Beach Avenue, if sealed, blocks the exit. He said that Pinehurst Avenue is 25 feet wide and 25 families live on the street. Highway Surveyor Manuel Nunes said that the street is in fair condition but needs 500 feet of drainage to dry it and prevent the washouts that have been occurring. He estimated that it would cost \$1800. for 500 feet of pipe and two catch basins and \$800 or \$900 for gravel to surface the street.

HORSE RIDING ON BEACH NIXED

Selectmen received a letter from Christina Wood asking reconsideration of the prohibition of horseback riding on town beaches. They agreed that this regulation was justified and should be kept in force.

STILL HISTORIC
Editorial - D.C.J.

The sleeping giant has flickered an eyelid. At last, a murmur is heard from the middle American. Finally, the group who pays the bills, carries the responsibility and contributes to society will attempt to recover government of the people and restore government by the people. For forty years the socialists have had their way. They have subverted our system until business has the connotation of villain. Their war on free enterprise has discouraged incentive, led to crippling controls and they have spent us to an increasingly ruinous inflation which threatens home ownership and opportunity to start and run a business. We are fed up.

Up to now every minority, every non-contributor, every screwball and every deviate who could pick up a placard has been reward-

ed with a shower of public money and privilege. They have become the pampered class along with the army of bureaucrats who erect mighty kingdoms to serve them and themselves.

For these privileged ones 13 is unlucky. There is a revolution by ballot in our near future. Middle America will speak. We will limit the fat cats' spending to save our homes and to save our system and the politicians will listen to a gigantic roar of votes.

Calofomia here we come! We started 200 years ago with 13 original colonies and swept across the continent. We now start with original Proposition 13 and sweep back across our continent. We will restore our free enterprise system.

The home owner will swing a mighty pendulum.

DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we are looking for.

Please remember that on trips such as Nantucket or Cuttyhunk Island, your reservation is not complete until you have paid the required deposit for the trip. We set a deadline for this so that we will not deprive someone from going with a last minute cancellation. For the Cuttyhunk trip please change your departure time from 9:30 to 9:15 A.M. We have been advised that we are wanted at the "Alert" a half-hour before departure.

Remember the hours to visit or phone the Selectmen's Office of the Town Hall are 10:00 A.M. to 12:00 Noon on Monday and Thursday (telephone 758-3758).

Here's your chance to win a place in history.

Your name could be the one we draw, June 23, for an all-expenses paid, one week trip for two to historic Williamsburg, Virginia. That's the day Plymouth-Home will observe its 175th Anniversary. And that's the grand prize we're giving away during our week-long Anniversary Party, which starts on Monday, June 19th.

By helping us celebrate our 175-year history.

Each day throughout that week, we'll be drawing the names of 174 other prize winners, and holding special events to mark our anniversary. We hope you'll come to our nearest office and enter our prize drawing. We hope that you'll also take in as many of the following events as you can.

Monday June 19

The most important party of all

That's you, of course, which is why Monday, June 19, will be Customer Appreciation Day. We'll have free "thank you" gifts for everyone. As long as supplies last, you'll have your choice, including a frisbee so you can really have a fling on our anniversary. And, to start the week off, we'll draw the names of the lucky winners of a free copy of The Complete Illustrated Book of Garden Magic.

Tuesday June 20

Try to see the big picture

Tuesday noon, June 20, at our main office at 34 School Street in Brockton, we'll unveil an acrylic painting you'll want to see. It's a dramatic celebration of the spirit of renewal so evident in Brockton and throughout Plymouth County.

Later in the day, at each office, we'll draw the name for a Polaroid "Memory Maker" camera that's sure to click with every winner.

Wednesday June 21

Eight score and fifteen

Wednesday, June 21, is the first day of summer and to help some people get ready, we'll draw names of winners of colorful tote bags. And that evening, at Memorial Hall in Plymouth, we'll sponsor a free summer concert by the Plymouth Philharmonic Orchestra. Free tickets for this light classical program are available now at each office, on a first-come, first-served basis. We hope you'll make note of that fact.

Thursday June 22

Yes, that's Bridgewater, all right

Community Recognition Day will be Thursday, June 22, when we'll present flowering trees to the 12 communities where Plymouth-Home has facilities. Names of our annual scholarship winners also will be announced that day. And winners of 18-inch Weber grills will be picked, in what might be called a charcoal drawing.

Friday June 23

It's a piece of cake

Friday, June 23, is Founders Day. So please come by for some birthday cake. You'll find some of our staff in vintage costumes, see lots of historic pictures on display, and you'll have one last chance to enter the sweepstakes for the trip to Williamsburg.

We look forward to seeing you at our Anniversary Party. Your presence will mean a lot to us.

Marion Art Center

THEATER ARTS SCHOLARSHIP

The first Theater Arts Scholarship from the Marion Art Center was awarded to Chris LeBlanc of Fairhaven High School last Sunday evening following the final performance of "Lavender and Old Lace" by the Young People's Theater Group. Christopher has performed in many dramas and musicals at his high school as well as in "Excerpts '77", "Dames at Sea" and "Lavender and Old Lace" at the Marion Art Center. He plans to major in theater at U.S.C. next year.

A special award was given to Patricia Sweeney of Marion, a student at Bishop Stang High School. Tricia has been acting in plays since she could talk and has been seen in many backyard performances during her childhood. More recently she appeared in Tabor Academy's "Macbeth", "The Miracle Worker" at Stang and the current production at the Center. Always helpful, she is a hard worker back stage as well as in front of the lights. Both of these young people will be missed while

man's Club held a tea honoring the volunteers who work weekly to present a story hour for Rochester's pre-schoolers at the Town Library. Nancy Lee Gaucher, president, welcomed the honored volunteers, library trustees, children, and their parents. Jane Taylor, volunteer coordinator, briefly reviewed the group's accomplishments over the past year. The consistently fine programs produced by this group have been reflected in attendance growth from a small group of five to approximately twenty children per week. The children sang a few favorite story hour songs and then presented a fine production of the play, "The Three Little Pigs". Verna Reed, representing the volunteers, presented Mrs. Taylor with a monogrammed scrimshaw stickpin in recognition of her efforts in organizing this group. Finally, each volunteer was presented a memento containing a photograph of the children as an expression of thanks for their many hours of work and creative efforts.

"The Fantasticks" was the first and longest running musical at the Marion Art Center (1968-69), and Dick Foren kicks off the evening as El Gallo singing "Try to Remember". Sue Richardson of Winchester and Ed Roberts of New York City were both in the original "Fantasticks" and will sing their famous duet "Soon It's Gonna Rain".

George Carns, formerly of New Bedford, will join the other poker players in a scene from "The Odd Couple" followed by Jim Bruce and Karen Chase in "6 rms rv vu". Dagmar Unhoch, Peg Dyer and Faith Thomson recreate a scene from "Gigi" (still fitting into their original costumes from 1966!). Jim Carr reads some lyric verse from "Undermilkwood". Joan Olsen will be joined by Bruce Cobbold in a rare stage appearance to do the breakfast scene from "Blithe Spirit", later joined by Kay Sweeney

The Original Formby Two-Step Method of Refinishing Furniture

Possibly you have either tried the other methods of refinishing, or at least you have been a witness to the problems, frustrations, anxiety, and downright HARD WORK of someone who has.

The FORMBY METHOD completely does away with the dread of starting your refinishing projects. It requires a little work and patience to be done correctly; however, it is enjoyable and the process can be stopped during any phase without damage or waste and can be resumed at your convenience. The results are marvelous and beautiful without stripping, sanding, filling, sealing, staining or removing the patina of the wood that age alone can bestow.

Old furniture that is well designed, sturdy and useful deserves a new finish. When restored to its original charm, it can become a desirable part of the decor of your home.
